Don't care. How can the Board pass something in a public meeting they've never seen? How can it be passed in a public meeting and not available to the public? If this wasn't the 3rd time something like this has gone by that we've slipped through or tried to cram through I wouldn't be so edgy about it. It's probably just what I expect, but this business of not being able to access the information is unacceptable. I don't think it's your fault. We need a change of mindset about transparency.

I am sorry I did realize you were talking about this agenda. We only have a draft and we are waiting for Katy Graves to review. It is not finalized.

Thanks, Ali.

Wilbur, regarding Item 5, I have had my last go around on these personnel docs and policies. Be prepared for a letter to the entire known world, including the local media, discussing transparency. This business of hide it until we pass it is Nancy Pelosi and Barack Obama stuff. It's bad enough that we have to request things constantly without them being provided to us, and therefore, unless we know to ask for something, we'll never know it exists, but then for us to ask and to say no copy will be given until it's passed? That's unprofessional and inappropriate.

Please provide me the backup for Item 5 on the Agenda. I asked Chanda for that and she said her packet nor Danny's included that as backup?

Also, I haven't gotten a copy of John's letter, yet. We will need a copy of that for our records.
